EXPLANATIONS ON ASSESSMENT CRITERIA

The following table provides the definitions of evaluation scores.

Score	Definition
6	The project proposal meets the relevant criteria in all dimensions. There are scarcely no shortcomings in the proposal.
5	The project proposal meets the relevant criteria well. There are acceptable shortcomings in the proposal.
4	The project proposal meets the relevant criteria in general, however; there are still some points that are open to improvement in the proposal.
3	The project proposal meets the relevant criteria at a moderate level, however; there are still important points that need to be improved in the proposal.
2	The project proposal does not adequately meet the relevant criteria. There are important shortcomings in the proposal.
1	The proposal does not meet the relevant criteria. There are significant weaknesses or shortcomings in the proposal.

REQUESTED BUDGET

Please evaluate if the requested budget is appropriate to support the proposed project and if it is realistic and well-justified based on the following criteria. You are expected to recommend that the budget remains as requested or recommend a reduction. If you suggest an adjustment to the budget, you are required to provide comments in this section to justify your recommendation.

1. The appropriateness of personnel expenses, taking into account the competence of the project personnel and their current workload:

2. Travel Expenses (those directly related to R&D activities should be indicated):

3. Device / Equipment / Software / Publication Purchases (Specify the instrument / equipment / software / publication to be used in production or in the routine analysis of production):

4. Consultancy Services and Other Service Procurements (Content of project consultancy and service procurement and their contributions to the project should be examined.):

5. Appropriateness of material purchases and quantities for the R&D work:

PROPOSED DURATION OF THE PROJECT

Please indicate your feedback on the appropriateness of the proposed duration of the project.

OTHER

Please share your suggestions to improve the quality and effectiveness of the project.
